*Hi Horatio,
We looked at the site and do not have any issues with the landowner closing in the deck providing the footprint does not increase and is only supported on posts (no foundation).
Being that he will only be working in the same footprint, we will not require a buffer zone activity permit.
Please feel free to call me if you have any questions.
Thanks*

Please Note

This Development Permit has been issued in accordance with the plans and information submitted. Any deviation from your development permit application will require the submission of the revised information prior to initiating any construction. For further information, please contact the property development officer at the Eastern Kings Community Office (357-2894).
